FOR PRICING INFORMATION

## AIR PURIFIERS

### Ozone Generator with Timer

The QT-TORNADO creates O<sub>3</sub> (Ozone), an unstable gas that will cast off its extra oxygen molecule to create O<sub>2</sub> (simple oxygen). That extra oxygen molecule will naturally combine with another gaseous elements to destroy any odor characteristic, creating a fresh outdoor smell.

- 51 - 600 milligrams per hour
- 15 minute - 4 hour timer settings
- 102 cubic feet per minute (CFM)
- Sporax filter
- Continuous operation
- 11 lb unit weight

Ref	Part No.	Color
A	QT-TORNADO	Gray

### NewAire Air Purifying System

Newaire is designed to naturally deodorize rooms up to 500 square feet. This is the ideal unit for eliminating in-room odors caused by smoke, mold, mildew, pets, chemicals, garbage, cooking, etc. The Newaire plug-in incorporates a patented ion wind technology that allows ozone to be circulated from the machine without the use of fans or moving parts, ensuring silent operation.

Ref	Part No.	Size
B	QT-NEWAIRE	4" W x 6" H x 2" D

## AUTO SCRUBBERS

### Elky Pro Compact Auto Scrubber

The Elky Pro Compact Scrubber is designed for daily maintenance of smaller areas and tighter spaces. It allows you to clean over 1,000 square feet without changing the cleaning solution. This auto scrubber always uses clean solution and truly removes dirt and soils, leaving floors clean, dry, and non-slippery. Your floors will be ready to use immediately.

- 15" squeegee
- 3.5 gallon solution capacity
- Fully adjustable handle
- Double scrubbing brushes clean heavy soils
- Stores in the same space as a standard bucket/wringer combo

Ref	Part No.	Cleanin Path
C	COM-300AS	13.5 inch

### Elky Pro® 13" Twin Direction Automatic Scrubber

Provides fast convenient cleaning of mid-size facilities at 13,000 sq feet per hour of cleaning. Clear solution dome provides easy filling and solution monitoring. Easy squeeze trigger gives solution flow on-demand. On/Off switches for vacuum, brushes and solution pump. Squeegee assemblies in front and behind the scrub brush lets you clean whether pushing or pulling the autoscrubber. Spinning brush helps pull the autoscrubber in forward direction for easier operation. Truck Only.

Scrub width	13 inch
Brush	13 inch cylindrical brush
Solution tank	9 gallon flexible bladder
Recovery tank	12 gallon molded tank
Squeegee width	17.5 inch
Power cord	20 foot
Unit weight	50 lbs
Warranty	One year on pumps and motors

Ref	Part No.	Color

## WHY CHOOSE BROOM VACS?

Sometimes the area you have to clean where lugging out large vacuums would be more than you need. However, you may require more power than a floor sweeper can offer. In these situations, broom vacs give you the perfect balance between lightweight and performance at a very low price.

## CANISTER VACS

### Atrix Cyclonic HEPA Turbo Vacuum

This new powerful bagless HEPA canister vacuum is lightweight, quiet, versatile and economical. The unique 6-stage filtration system is designed to capture even the smallest of particles. The 1.6 gallon capacity dust container is simple to dump, with no costly and troublesome replacement bags to worry about. Easy to maneuver with a 360 degree rotating wheel under the front of the vacuum making it easy to maneuver around corners. Features a large convenient carrying handle. UL approved.

Motor	12 amp
Cord	22 foot
Container	Dirt cup

# CANISTER VACS, CARPET DRYERS, EXTRACTORS

## Panasonic Canister Vacuum with Power Nozzle

Equipped with a powerful motor and a power nozzle for cleaning all floor surfaces. Inside the nozzle, an agitator generates positive brush action for more effective cleaning, and the fingertip switch shuts off the agitator for safer cleaning on bare-floor surfaces. A built-in overload protector helps prevent damage to the belt and nozzle motor. Other highlights include four-position height adjustment, an easy-grip handle, a full furniture guard, dual-active edge cleaning, and a headlight.

Motor	12 amp
Nozzle width	14 inch
Cord	24 foot with rewind
Hose	6 foot (360° swivel)
Filtration	HEPA
On-board tools	Dusting brush, Crevice tool, Fabric brush, Bare-floor brush
Warranty	One year limited

## WHY COMMERCIAL UPRIGHTS?

Commercial uprights appear to be less powerful and have fewer features than domestic uprights, yet typically have a higher price. So why should you choose this option?

1. Commercial motors have a longer life and are more quiet, yet still give you enough power to clean carpets.
2. Typically constructed of metal or some plastic, these units can stand up to years of abuse.
3. Maintenance is much easier and quicker. Many commercial vacs have common parts and simple designs.

## Koblentz All Metal Upright with Shakeout Bag

Tough all metal construction for true commercial durability, yet still lightweight. The whole chassis is made of metal, including the yoke, cord hooks, hood, and handle. It is designed for easy maintenance, requiring no tools to access fan chamber or to change the belt, brushroll, or power cord.

Motor	8 amp
Cleaning path	12 inch
Cord	50 foot

## WHY SYNTHETIC BAGS

*Synthetic provides high airflow nearly 2 times longer than paper. Results in longer use of the bag, without clogging.*

*Synthetic is 42 times more resistant to tearing than paper*

*Synthetic is twice the puncture resistance of paper*

*Synthetic has 10% more tensile strength than paper*

*Synthetic has 5 times more wet strength than paper*

*CRI Certified on the 600 and 800 series with dirt tube*

## WHAT IS HEPA FILTRATION?

HEPA (*High Efficiency Particulate Air*) is a filtration method that removes virtually all dust and allergens from the air that passes through it. The standard requires that the filter captures 99.97% of particulates as small as 0.3 microns. A human hair is around 80 microns wide.

**HEPA filters improve the air quality for everyone and can be a blessing for people who suffer from allergies or asthma.**

## Sanitaire DuraLite Lightweight Upright

A commercial lightweight designed for heavy-duty use. Constructed with high-strength lightweight magnesium components which are lighter than steel or aluminum and exceptionally durable. CRI Green Label certified.

## CRI GREEN LABEL CERTIFICATION

Created by the Carpet and Rug Institute (CRI), Green Label sets the standard for vacuum cleaners by establishing a stringent testing process that measures their performance in the following areas:

### SOIL REMOVAL

The vacuum must remove a set quantity of soil from carpet in four passes.

### DUST CONTAINMENT

The vacuum must not release more than 100 micrograms of dust particles per cubic meter of air.

### CARPET APPEARANCE RETENTION

The vacuum should not affect the appearance of the carpet more than a one-step change based on one year of normal vacuum use.

## WIDE AREA VACUUMS

### Oreck Commercial ComVac Wide Vacuum

Designed to clean large areas quickly and efficiently. Engineered for long service life under rugged conditions. Powered by strong motor (2,000 hour motor brush life). Saves up to 80% of the time compared to using a conventional upright on the same job. Features rugged 360 degree front swivel wheels for short turning radius, 5 position height adjustment (0 to 1.25"), quick release filter mounting strap, welded steel frame in structural foam housing, industrial quality universal motor with cast metal fan, and protective wrap-around bumper guards

Model	O-CC24
Motor	5/8 HP (8 1/2 amps)
Cleaning Path	24 inch
Capacity	1.2 bushels
l x w x h	36" x 25" x 36 1/2"
Weight	55 lbs
Sound	70 Db(A)
Brush	Chevron
Cord	60 foot

#### Accessories

O-323844	Paper Bag	Each
O-315605	Timing Belt	Each
O-382329	Brush Assembly	Each

Ref	Part No.	Cleaning Path
A	O-CC24	24 inch

### WHY CHOOSE WIDE AREA VACS?

Standard commercial vacuums are great for cleaning a wide variety of rooms, but they take lots of time and manpower when cleaning large, open spaces.

When cleaning convention centers, ballrooms, or any other large, open area that needs to be vacuumed regularly, wide area vacs are the best option.
